

**PRODUCT FEATURES**

Designed for painting works with all types of paints and varnishes. Necessary for applying glue while wallpapering. Ideal for fast, effective, and precise painting of large surfaces, all preparatory works, priming, and dust removal. Bristles made from the highest quality synthetic brush fibres „PBT FAN SHAPE”, it is characterised by high resistance to abrasion, breaking, unfavorable chemical factors, and UV radiation. The unique shape of fibres makes the application of paint highly effective. Fibre does not absorb water and does not lose its properties during work. Body and handle made from beech wood, they have ground and varnished finish. Equipped with practical plastic hook enabling to hang the brush on the paint container. The cardboard packaging has been specially designed and can be reused to store the brush after work (after washing and drying the bristles). Brush fitting made from TIN-PLATED metal sheet in silver.
