

PRODUCT FEATURES

Designed for making precise cuts with smooth cutting edges. The special design of the disc and diamond rim guarantees the highest quality and cutting efficiency, increased work efficiency, accelerates cooling and minimizes the risk of chipping the edges/surface during cutting. Perfect disc for cutting hard ceramic tiles and natural stone tiles, i.e.: tiles, stoneware, marble, granite, etc. Designed for dry and wet cutting. Made of: the highest quality technical diamond, hot pressed.

CODE	DIAMETER [MM]	WIDTH X HEIGHT OF CUTTING EDGE [MM]	HOLE DIAMETER [MM]		
89610	115	1.4 x 10	22,23	x	50/100
89611	125	1.4 x 10	22,23	x	50/100
89612	180	1.8 x 10	22,23	x	50/100
89613	230	2.0 x 10	22,23	x	50/100
